				5/0,2

- Shower valve for all ORTLIEB water sacks, water bags and water belt from models 1999 on
- the shower valve is placed under the small cover cap onto the threaded connector instead of the dust cap
- simple metering of throughput by turning the shower valve
- Ideal combination with the black 10l water sack or water bag as solar shower (check the water temperature prior to use - danger of boiling water)
- can be used for watering flowers or for washing dishes
- for water transport: remove the shower cap, cover the valve with the dust cap and firmly close the valve
