## HANDLEBAR MOUNTING-SET E-BIKE

E-Bike mounting system for handlebar bags and baskets - without lock

article code	weight g/oz.	max. load kg/lbs.
E226	135/4.8	5/11

### SPECIFICATIONS:

- + Adapter for mounting ORTLIEB handlebar bags or baskets in combination with E-bike displays
- + Broad adapter allows mounting with known easy cable fixing
- + Simple and fast mounting with only one cable
- + Mounting fits to all handlebars with diameter up to max. 35.0 mm
- + Compatible with the bags and baskets by other brands (e.g. Rixen&Kaul KLICKfix system)
- + A reflective foil on the front of adapter ensures more safety when cycling in the dark without the handlebar bag

**Contents:** Handlebar Mounting-Set E-Bike (article code E226), mounting block, black cable with attachment, hexagon key (4 mm), mounting bolt, washer, mounting instructions

**Optional accessories:** Alternatively we offer the adapter Handlebar Mounting-Set E-Bike with Lock and 2 keys (art. code E207)

#### Attention:

- + Mounting the ORTLIEB Up-Town basket - use the **grey mounting cable** (included with the basket) **instead of** the **black** mounting cable!
- + Maximum load 5 kg/11 lbs.!
- + Do not use with carbon handlebars!
