ORTLIEB DAYPACK URBAN

PRACTICAL DAY BACKPACK FOR THE CITY

The stylish Urban Daypack presents itself as a practical day backpack for the city. Under its folding flap is an additional zipper hiding a 15 or 20 liter main compartment. Letter size folders are not a problem. The sturdy Cordura blended fabric gives the Urban Daypack a textile look, but the backpack from the urban line also performs by its waterproofness which can only be seen at second glance.

The comfortable shoulder straps are made of flexible straps. Additional loops allow the uncomplicated installation of a rear light on the outside of the Urban Daypack. A front pocket on the 20 liter model (not waterproof) allows the quick stowing of keys and such. The Urban Daypack is manufactured in Germany and PVC-free.

ADDITIONAL FEATURES:

Removable back pad that can be used as a seat pad
Flap and carrying handle made of microfiber
