

ORTLIEB SADDLE-BAG TWO

BIKE SADDLE-BAG

The waterproof ORTLIEB Saddle-Bag Two is available in two sizes and three colors.

It is particularly suited for mountain and road biking, but is also an ideal supplementary bag for long tours with lots of luggage. Even the small version offers enough space for a spare tube, repair kit or rain jacket, whereas the larger model with 4.1 L almost replaces a backpack. It functions at the same time as kind of protection against mud and water spray just like fenders.

Both models feature highly luminescent reflectors and daisychains for fixing a tail light. The roll closure is secured to the sides with buckles. The mounting set is available as accessory for a second bike. Saddle-Bag Two is made of PVC-free, sturdy nylon fabric, and is sustainably produced in Germany.

OPTIONAL ACCESSORIES

Seat mounting for saddlebag (article code E97)

Strap system (article code F96E) for fixing to comfort or spring saddles
