ORTLIEB VELOCITY DESIGN

WATERPROOF DAYPACK IN AN ALL-BLACK

Aqua is the name of the latest Velocity Design, which packs a lot of style in an all-black package. Designed for those who want a backpack with style without compromising on functionality, the Velocity Design has a volume of 23 liters and is suitable for school children, students and commuters alike.

This super practical daypack guarantees quick access and 100% waterproofness thanks to the roll closure. An inner pocket with a laptop compartment stows laptops (max. 15.4 ") securely, and keep everything moisture and dust free. A foam-padded back and anatomically shaped shoulder straps with chest and hip belt increase wearing comfort. Added protection on the bag's lower corners minimizes wear-and-tear. A rear light or a bicycle helmet can be attached to the Velcro flap. Like all ORTLIEB products, the Velocity backpacks are sustainably produced in Germany.

FEATURES

Handle, hip belt easily removable and adjustable
Padded laptop compartment (36 x 24.5 x 2.5 cm)
