SPECIFICATIONS:

- + Classical rear pannier (single pannier) with roll closure, available in four different designs
- + Sides of PS 490 nylon material, front and back of PD 620
- + QL2.1 system for racks up to 16 mm
- + Including reduction pieces for tube diameters 8, 10 and 12 mm; with anti-scratch function reducing abrasions on rack
- + 20 mm hook available as separate accessory (e.g. for e-bikes)
- + Top QL hooks and lower sliding hook adjustable without requiring any tools
- + Can be used individually (e.g. for shopping, sports, picnic)
- + Can be combined (as pair) with the ORTLIEB Rack-Pack size S or M
- + Including integrated inner pocket and shoulder strap
- + Easy to clean inside
- + Highly reflective Scotchlite reflector
- + Lower hook rail made of two-component „hard-soft“ synthetic reduces abrasions on carrier

Contents: Pannier (single bag) with shoulder strap and reduction inserts for 8, 10 and 12 mm (one pairs per size)

Optional accessories: ORTLIEB carrying system, outer pocket/s (size S), mesh pocket, bottle cage, 20 mm QL2.1 hook, anti-theft device long

Attention: Maximum load per bag or per side of carrier is 9 kg / 20 lbs. As the admissible load of carriers differ, note the maximum admissible load - (information is normally found on the carrier) - do not exceed the carrier load limit. We recommend to check-weigh packed bags before riding - reduce the load if necessary. This applies to rear and front carriers and also to lowriders mounted on the fork. Note that the use of bike panniers will significantly influence the riding properties of your bike.

Note: In order to meet standard IP64 (6=dustproof 4=protected against splash water coming from all directions) the lid must be rolled 3-4 times.
