Contents: Panniers come as a pair with 2 shoulder straps and reduction inserts for 8, 10 and 12 mm (two pairs per size)

Optional accessories: ORTLIEB carrying system, outer pocket/s (size S), mesh pocket, bottle cage, 20 mm QL2.1 hook, anti-theft device long

Attention: Maximum load per bag or per side of carrier is 9 kg / 20 lbs. As the admissible load of carriers differ, note the maximum admissible load - (information is normally found on the carrier) - do not exceed the carrier load limit. We recommend to check-weigh packed bags before riding - reduce the load if necessary. This applies to rear and front carriers and also to lowriders mounted on the fork. Note that the use of bike panniers will significantly influence the riding properties of your bike.

Note: In order to meet standard IP64 (6=dustproof 4=protected against splash water coming from all directions) the lid must be rolled 3-4 times.
